

An Established performer: Small Capacity Trokner Refrigerated dryers (coil-in-coil technology.)

- **Caters to Low Ranges (10 - 100 cfm)**
 - Manufacturability Range is up-to 100 cfm.
 - Working Pressure up to 200 Psig.
- **Can be designed for low working pressures**
 - Exal can manufacture Trokner refrigerated dryers with working pressures as low as 1 barg. (Low pressures will use shell and tube).
- **0-100% capacity control**
 - All Trokner refrigerated dryers can be designed to work from 0 to 100% load.
- **Low Pressure Drops (as low as 1 Psi *)**
 - Exal has made many Trokner refrigerated dryers with 1 psi pressure drop.
 - *Low pressure drops can be designed on request.
- **Constant pressure dew point 3°C**
 - Trokner refrigerated dryers provide a constant pressure dew point +3°C.
- **Maximum Energy savings**
 - All heat exchangers are designed to correct capacity. This minimizes loss of pressure.
